Dear Steve,

I am writing to thank you for the superior work your firm completed on our recent project at Connell Park. Given a tight deadline and a demanding client (us), Matilsky Construction delivered our project perfectly on time and with superior quality. Your staff was organized, professional, and communicated perfectly. I have been responsible for several expansion projects over the past 25 years, with different general contractors. None performed more expertly than yours.

We are extremely well pleased with your work.

Sincerely,
